

ALU-HD-STOOL-V2

Non-Sparking Mechanics Stool with Caster Wheels and Stainless Steel Hardware

Product ID: 235089

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The ALU-HD-STOOL from Larson Electronics is a heavy duty mechanics stool with caster wheels. It is equipped with four caster swivel wheels for easy movement throughout a work space. It also has a small convenient molded tool tray to keep your wrenches and screwdrivers close by.

This mechanic's chair is constructed of non-sparking aluminum and features stainless steel hardware and explosion proof swivel casters for easy mobility.

We offer this model with (2) swivel casters and (2) stationary casters, and all (4) swivel casters. Please specify when ordering.
