

WC-21

Portable Light Tower Cart - 9-21' Crank Up Mast

Product ID: 71454

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Made in the USA

Portable Light Tower Cart with 21-foot crank up light mast. This system includes the transport trailer with telescoping light tower rotating assembly.

Wheeled cart with 9-21' foot crank up mast and fold down out-riggers

Cart:

The cart is equipped with run-flat tires, a 21-foot, 3 stage crank up mast with two with removable mast head and rotating boom. The carts are also equipped with fold down outriggers to support the light mast once deployed.

The portable carts include:

- Portable cart with 4 wheels and run-flat tires
 - Fold down out-riggers
 - 21-foot crank up mast that collapses down to 9 feet
 - 36" horizontal mast head mounting bracket
 - 360° rotating mast boom
- The wheeled cart will be blasted and painted with a 2-part epoxy paint.

Call us at 1-800-369-6671 or contact us at sales@larsonelectronics.com to discuss any special custom ordering requirements.

Suggested Applications: Construction sites, event lighting, emergency services, highway projects, industrial plants, mining and excavation and anywhere a mobile light source with large area coverage capability is needed.
