

Rear load angled high density jack panel kit for 48 Clarity 6 or 5E panel jacks

OR-PHAPJU48

Rear load angled high density jack panel kit for 48 Clarity 6 or 5E panel jacks. It occupies 2 rack units and measures 19" x 3.5".

features & benefits

- **Jacks rear load into panels:** All terminations done from rear of panel.
- **New positive jack latching design:** Secure mounting of jacks into panel.
- **Recessed design with lower mounted profile:** Directs cords more easily to vertical management.
- **High density solution:** Maximizes rack space.
- **Panel jacks support snap-in icons:** Easy designation of ports.
- **Universal wiring labels on panel jacks:** Supports both T568B and T568A wiring schemes.
- **Silkscreened 1-48:** Easy port identification.

specifications
