

12-Port QuickPort® Mounting Bracket

APPLICATION

The 12-Port QuickPort® Mounting Bracket offers an economical custom network distribution board to support their exact system requirements. By selecting from Leviton's diverse line of QuickPort connectors, users are able to mix and match media distribution for up to 12-Ports with any combination of data, video, audio or voice lines, including CAT 6, CAT 5e, HDMI, Coax F-Connector, S-Video, RCA, and traditional telephone connectors.

SPECIFICATION

12-Port bracket shall accept all Leviton's QuickPort snap-in connectors and shall provide adequate labeling options. The bracket shall mount inside Leviton Structured Media® Center enclosures. The bracket shall be made of a UL94-compliant Polycarbonate material.

FEATURES

- 12 ports allow for current application needs and future expansion requirements
- Bracket may be positioned horizontally or vertically to accommodate for cable routing
- Port numbering facilitates administrative changes
- Identification labels are provided to support application designations

DESIGN CONSIDERATIONS

- Bracket installs in Leviton Structured Media® Center enclosures

STANDARDS COMPLIANCE

Compliant with TIA-568-C.2
UL94-rated material

PHYSICAL SPECIFICATIONS

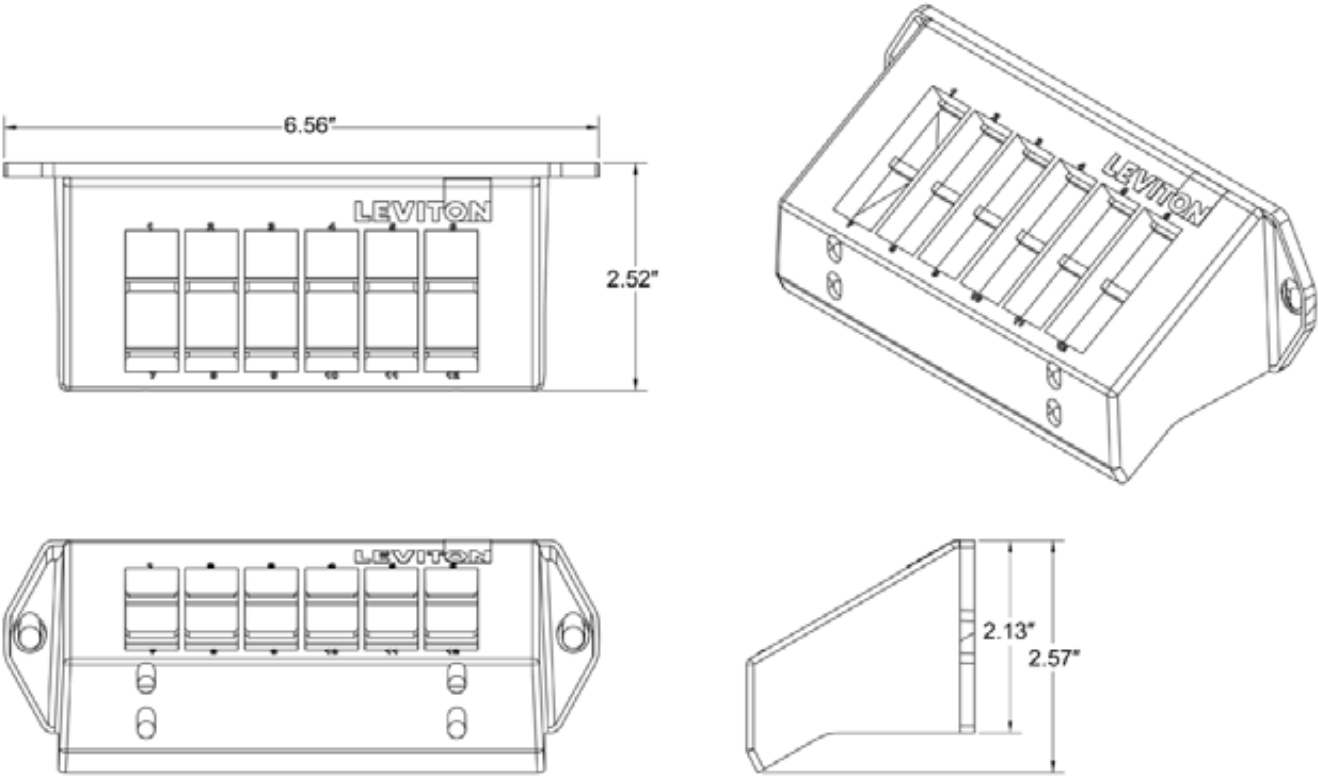

Dimensions: 2.57" H x 6.56" W x 2.52" D
Materials: Polycarbonate
