

PSE18-600-70

Softstarter for max 600 V main voltage
and 100-250 V 50/60Hz control supply
voltage

General

Type:	Motor starter controls
Application:	Normal duty (N) starting applications such as pumps, compressors, elevators, escalators, short conveyor belts and bow thrusters.
T&B UPC:	80432557157
T&B Status:	M
Special Features:	Degree of protection: acc. to IEC 60529, IEC 60947-1, EN 60529 Main Terminals IP00
Voltage Rating:	Main Circuit 208 ... 600 V AC
Factory Code:	1SFA897101R7000

Dimension Information

Size:	90 x 245 x 185.5 mm
Height:	245 mm
Width:	90 mm
