Llegrand® designed to be better.

MM20 Narrow End Panel, for MM20736ADJ 4-Post racks behind a MM20VMD710 or wider manager

OR-MM20EPN736-X

The 2.25" wide end panel is used to finish the end of a row of Mighty Mo racks when a 10" or wider vertical manager is mounted at the end of the row. It mounts directly behind the manager concealing cables in the rack frame. The narrow end panel requires the use of an end panel support bracket to stabilize the rear of the end panel.

Note: Replace the "X" tail code with "B" for black or "W" for white.

features & benefits

- **Used to finish the end of a row of Mighty Mo 20 racks:** Gives your installation a clean and professional look while concealing cables in rack channel.
- **Mounts flush with the surface of 10", 12" and 16" vertical cable management cages:** Gives additional support to vertical management cages.
- **Mounting hardware included:** The use of an end panel support kit is required to stabilize the rear of the panel.
