

Siemon Universal Modular Furniture Adapter

Siemon's extended depth, universal modular furniture adapter was specifically designed as a single product solution for securely mounting work area network connectivity in all of today's most common modular furniture systems. The adapter's universal mounting frame is adaptable to fit a wide range of available opening sizes, providing simple, snap-in attachment of the plates. This combination of mounting frame and faceplate facilitates the deployment of today's larger diameter, high performance cabling in congested modular furniture pathways without exceeding performance-critical bend radius limits.

Available in MAX™ and CT® versions, this product platform provides a universal mounting solution for all Siemon connectivity lines including CT, MAX, Z-MAX™ and TERA®.

Snap-in Faceplate Mounts –

Robust latching features ensure secure engagement onto mounting frame – even with congested raceways – while providing quick and easy installation

Flexible Mounting – 4-port MAX-style and single coupler CT-style plates are available to support a wide range of connectivity options

Impact Resistant – Low-profile, angled surface faceplates protect outlets while eliminating catch points to reduce potential damage due to incidental contact – a common concern in modular furniture connectivity solutions

Universal Mounting – Mounting frame adapts to fit nearly any furniture opening and panel thickness, eliminating the need for furniture-specific mounting products while providing a positive fit uncommon to fixed depth latch designs

Manage Bend Radius –

Extended plate design and optional angled adapters provide additional space to help maintain performance-critical bend radius

Improved Labeling Visibility –

Angled, top-mount label window provides better label visibility in low-light, confined locations common to modular furniture applications

Compliance

- ANSI/TIA-569-B
- UL 1863
- CSA C22.2
- RoHS

Ordering Information

CT-UMA-(XX)
CT Universal Modular Furniture
Adapter, Accepts (1) CT Coupler.
Includes faceplate, mounting
frame, label and clear label holder

MX-UMA-(XX)
MAX Universal Modular Furniture
Adapter, Accepts (4) MAX, Z-MAX
or TERA Outlets

Includes faceplate, mounting
frame, label and clear label holder

Use (XX) To specify color: 01 = Black, 02 = White, 04 = Gray, 20 = Ivory, 80 = Light Ivory

Opening Compatibility

The universal modular furniture adapter can be
mounted to the following range of panel openings:

Product Dimensions

Product Information

Material (Mounting Frame)	Zinc-plated, cold rolled steel
Material (Faceplate)	High impact, flame-retardant thermoplastic
Flammability Rating (Faceplate)	UL 94 V-0
Material Compliance	RoHS, lead-free, halogen-free, PVC free
