

Application

- Great for fine-stranded wires
- Perfect for repetitive motor replacement solutions, cabletrays, throughs, wireways, raceways, and ducts.

Specs & Features

- For copper cables only
- Protects fine strands and helps the conductor maintain its shape during the tightening process.
- Ability to connect and terminate fine-stranded cables easily and safely whenever maintenance or replacement is required.
- The sleeve eliminates breakage of the strands and reduces stress on the conductor.
- Unique sleeves make the connection as reliable as a compression connection but much easier.
- Is abrasion and chemical resistant, cold temperature related to 45°C, rated 600V, 90°C.
- UL Listed for use with fine-stranded, flexible, and extra flexible copper cables.
- Can be CUSTOMIZED! We can design a connector which will handle any combination and number of fine-stranded wires between the sizes of 14 AWG and 3/0 AWG.
