

AUDIO/VIDEO SOLUTIONS

Value Series RCA Audio Cables

40463

For analog, dual channel audio patching applications

Value Series RCA Audio Cables give you crisp, clear sound for less. The dual conductor is 90% spiral wrapped with tinned-copper, which provides shielding against EMI/RFI interference. The connectors are color-coded for easy installation and identification and provide excellent strain relief. Dual RCA audio cables are used to connect the composite audio signal from the left and right channels on your A/V equipment.

- Nickel terminals provide excellent signal transfer
- Fully molded connectors provide excellent strain relief
- Connects DVD, satellite dish, camcorder, computer or hi-fi VCR to your A/V receiver or other audio device
- Designed for left and right stereo channels

Item#	Description	MSRP
40463	3ft Stereo RCA Audio Cable.....	\$3.99
40464	6ft Stereo RCA Audio Cable.....	\$4.99
40465	12ft Stereo RCA Audio Cable	\$6.99

Item#	Description	MSRP
40466	25ft Stereo RCA Audio Cable	\$11.98

03167	6ft RCA Mono-Audio Cable.....	\$3.99
03168	12ft RCA Mono-Audio Cable.....	\$5.49
25483	25ft RCA Mono-Audio Cable.....	\$8.99
03181	Stereo RCA Female to Mono RCA Male Y-Cable.....	\$3.49

SonicWave™ Bass Management Cables

45450

Optimized audio from oxygen-free copper wire

SonicWave Subwoofer Cables ensure your bass management system produces maximum performance and unprecedented impact. Optimized design provides an efficient path for low frequencies to travel to the subwoofer. These subwoofer cables are robustly constructed by using 18 strands of 0.12mm silver-plated OFC and seven strands of 0.18 silver-plated OFC conductor, triply-shielded and housed in a rough-and-ready jacket. Designed to perform under the most demanding environmental conditions, our subwoofer cables will deliver massive impact and clean, low bass to the very limits of human perception! Build a state of the art theater or audio rig by accurately delivering the foundation of music and movie content.

- Large cross-section conductor; 18 strands of 0.12mm plus 7 strands of 0.18mm silver-plated oxygen-free copper
- Three layers of shielding: (2) 80% + OFC copper braids and (1) 100% overlapped foil
- SplitLok™ precision-machined 24k gold-plated connectors with split center pins ensure superior fit
- FlexCable ultra-flexible PVC jacket for easy installation

Item#	Description	MSRP
45450	12ft SonicWave Subwoofer Cable.....	\$29.99
45451	18ft SonicWave Subwoofer Cable.....	\$39.99
45452	25ft SonicWave Subwoofer Cable.....	\$49.99

Velocity™ Subwoofer Cables

29118

Connects a subwoofer with RCA connectors to any receiver

Velocity Subwoofer Cables are ideal for demanding applications. The durable, dependable and superior performance is ideal for home theater and consumer-level components. These cables offer superb impact and detail while maintaining a "tough as nails" quality! Twisted pair oxygen-free copper wire and foamed PE dielectric are optimized for bass signal transmission. The low-loss 100% foil and spiral-wound oxygen-free copper shielding protect the important bass signals from EMI/RFI interference.

- Ideal for A/V receiver-to-powered subwoofer applications in a home theater environment
- Low-loss 100% foil and braid shielding offers superior protection against noise and interference
- Ultra-flexible PVC jacket for easy installation
- Fully molded connectors provide excellent strain relief
- Lifetime warranty

Item#	Description	MSRP
29118	12ft Velocity Subwoofer Cable	\$19.99
29119	18ft Velocity Subwoofer Cable	\$24.99
29120	25ft Velocity Subwoofer Cable	\$29.99

Velocity™ Right Angled Subwoofer Cable

29180

Overcome confined spaces in your home theater installation

Overcome difficult connections due to confined spaces between a receiver and entertainment units, wall or rack with Velocity Right Angled Subwoofer cables.

Twisted pair oxygen-free copper wire and foamed PE dielectric fight noise and hum, and are optimized for bass signal transmission. Oxygen-free copper conductors deliver awesome impact and bass detail. The low-loss 100% foil and spiral-wound oxygen-free copper (OFC) shielding protects the important bass signals from electromagnetic interference (EMI) and radio frequency interference (RFI). A tough, ultra-flexible jacket and 24K gold-plated heavy-duty contacts ensure a lifetime of performance.

- 24K gold-plated connectors
- Lifetime warranty

Item#	Description	MSRP
29180	12ft Velocity Right Angled Subwoofer Cable.....	\$24.99
29181	28ft Velocity Right Angled Subwoofer Cable.....	\$29.99
29182	25ft Velocity Right Angled Subwoofer Cable.....	\$34.99
