- RF frequency: 318 MHz
- 1.6" W x 4.2" H x 0.8" D

MDT-2B 3-Channel Block-Coded Visor Transmitter

• ORDER # ACP00720

Features:

- Compatible with all Linear access receivers and controllers
- Superior transmission range
- Factory-programmed MegaCode format supports over 1,000,000 codes
- Unique "Extra" top button
- High visibility operate LED
- Visor clip included
- Two type 2032 lithium batteries supplied
- RF frequency: 318 MHz
- 1.6" W x 4.2" H x 0.8" D

MDT-4B 5-Channel Block-Coded Visor Transmitter

• ORDER # ACP00722

Features:

- Compatible with all Linear access receivers and controllers
- Superior transmission range
- Factory-programmed MegaCode format supports over 1,000,000 codes
- Unique "Extra" top button
- High visibility operate LED
- Visor clip included
- Two type 2032 lithium batteries supplied
- RF frequency: 318 MHz
- 1.6" W x 4.2" H x 0.8" D

MT-1B 1-Channel Block-Coded Visor Transmitter

• ORDER # ACP00877

Features:

- Compatible with all Linear access receivers and controllers
- Superior transmission range
- Factory-programmed MegaCode format supports over 1,000,000 codes
- Operate LED
- Visor clip included
- 9-Volt battery supplied
- RF frequency: 318 MHz
- 2.2" W x 3.8" H x 0.9" D

MT-2B 2-Channel Block-Coded Visor Transmitter

• ORDER # ACP00746

Features:

- Compatible with all Linear access receivers and controllers
- Superior transmission range
- Factory-programmed MegaCode format supports over 1,000,000 codes
- Operate LED
- Visor clip included
- 9-Volt battery supplied
- RF frequency: 318 MHz
- 2.2" W x 3.8" H x 0.9" D
