Connectors

Connectors for various needs, from DC power connectors, to audio/video.
LED-illuminated connectors help you see when power is being delivered.

EVA-F5521-3Q

2.1mm DC Plug pigtail connector with 3' red/black wire

Illuminated version available – see page 2

EVA-M5521-3Q

2.1mm DC Jack pigtail connector with 3' red/black wire

Illuminated version available – see page 2

Illuminated Power Connectors

CA-1610-3FLQ – *2.1mm DC Plug with LED and 3' (0.9m) red/black wires*

CA-1510-3FLQ – *2.1mm DC Jack with LED and 3' (0.9m) red/black wire*s

CA-1615-06LQ – *2.1mm DC Jack to 2.1mm DC Plug with 6" (15cm) wire*

CA-1610-3FLQ (3' wire leads)

CA-1510-3FLQ (3' wire leads)

CA-1615-06LQ

Features:

- Simplifies installation of CCTV, access control, or security applications
- Eases troubleshooting, see at a glance whether there is power
- Check for low voltage AC/DC before connecting device
  - Correct DC polarity – **Blue**
  - Incorrect DC polarity – **Red**
  - AC voltage – **Purple**
- Safe: Illumination glows from all directions to indicate voltage
- Save money and time: Test power before connecting equipment
- 5~30 VAC/VDC range
- LED shines brighter as voltage increases

Applications:

- Portable and versatile test light
- Permanent power indicator
- Check for voltage and polarity of CCTV and access control installations
- Check power supply voltage
- Check polarity of UTP wires with power

No Power	Correct DC Polarity	Incorrect DC Polarity	AC Voltage

(LED shines brighter as voltage increases.)
