

## DuraPort® Industrial Outlet Kit

### APPLICATION

DuraPort industrial products provide IP67-class protection to safeguard your connectivity from humidity/moisture, corrosive materials, temperature extremes, and other conditions often found in the industrial environment.

### SPECIFICATION

Single-gang and dual-gang industrial outlet kits shall fit standard NEMA boxes. The single-gang outlet kit shall provide 1 or 2 ports and an equivalent amount of connector housings and dust caps assembled. The dual-gang outlet kit shall provide 2 or 4 ports and an equivalent amount of connector housings and connector caps assembled. Connector housing shall accept all standard Leviton QuickPort® modules. Connectors and related components shall be IP67 rated. Wallplate shall be constructed of stainless steel, with an integral over-molded gasket. Connector housing shall be made of PBT, be cULus listed, and compliant with ANSI/TIA-1005.

### COUNTRY OF ORIGIN

Mexico

### WARRANTY INFORMATION

For a copy of Leviton product warranties, visit [www.leviton.com/warranty](http://www.leviton.com/warranty).

### FEATURES

- IP67-rated environmental sealing (dust/water protection)
- Industrial Outlet Kit includes pre-assembled stainless-steel wallplate, and equivalent number of connector caps and housings for quick and easy ordering
- Over-molded wallplate gasket ensures watertight fit
- Wallplate mounting holes have embedded sealing feature which provides the dual benefit of sealing, and helping to ensure proper orientation during installation of wallplate
- Withstands chemical wash down requirements for disinfection and sterilization in health care facilities, as established by the CDC
- Available in single-gang configurations of 1 or 2 ports and dual-gang configurations of 2 or 4 ports
- Twist-lock design for faster installation and changes
- Encapsulated RJ-45 design protects integral components
- Patented design

### DESIGN CONSIDERATIONS

- Uses standard Leviton QuickPort opening to easily replace, or upgrade performance without replacing entire outlet
- Compatible with standard NEMA boxes
- DuraPort Industrial Patch Cords, and QuickPort connectors sold separately

### STANDARDS COMPLIANCE

cULus Listed; complies with ANSI/TIA-1005 and ANSI/TIA-568. cULus Listed (UL 1863, CAN/CSA-C22.2 No. 182.4-1990).

### PHYSICAL SPECIFICATIONS

|                            |                                                               |
|----------------------------|---------------------------------------------------------------|
| <b>Ingress Protection:</b> | IP67 (dust/water)                                             |
| <b>Corrosion:</b>          | Resistant to most common chemicals, oils, and cleaning agents |
| <b>Temperature:</b>        | -40°C to 65°C (-40°F to 149°F)                                |
| <b>Vibration:</b>          |                                                               |
| Frequency Range            | 10-500Hz                                                      |
| Acceleration               | 5g (operational)                                              |
| <b>Mating Cycles:</b>      | 750 minimum                                                   |
| <b>Materials:</b>          |                                                               |
| Connector Housing          | Polybutylene terephthalate (PBT)                              |
| Wallplate Type             | 302 Stainless Steel                                           |
| Mounting Screws            | Type 18-8 Stainless Steel                                     |
| Wallplate Gasket           | Thermoplastic Elastomer                                       |
