

## 150M QSFP+/QSFP+ 40G INFINIBAND ACTIVE OPTICAL CABLE

2312-06209-495 | [Quiktron](#)

### FEATURES & BENEFITS

These cables are designed to support long length interconnects between active network equipment in data center and enterprise networking InfiniBand applications. Our QSFP+ active optical cable assemblies are constructed using premium optical cable and feature active QSFP+ (SFF-8436) connectors with pull-tab ejectors for easy connection to equipment. These assemblies support up to 4x10G per lane for up to 40Gb, meeting or exceeding current standards specifications.
