

CISCO® GLC-FE-100BX-U COMPATIBLE TAA
COMPLIANT 100BASE-BX SFP
TRANSCIVER (SMF, 1310NMTX/1550NMRX,
10KM, LC)

GLC-FE-100BX-U-LEG | [Quiktron](#)

FEATURES & BENEFITS

This Cisco® GLC-FE-100BX-U compatible SFP transceiver provides 100Base-BX throughput up to 10km over single-mode fiber (SMF) at a bidirectional wavelength of 1310nmTx and 1550nmRx using a LC connector. This bidirectional unit must be used with another transceiver or network appliance of complimenting wavelengths. It is guaranteed to be 100% compatible with the equivalent Cisco® transceiver. This easy to install, hot swappable transceiver has been programmed, uniquely serialized and data-traffic and application tested to ensure that it will initialize and perform identically. It is built to meet or exceed the specifications of Cisco®, as well as to comply with MSA (Multi-Source Agreement) standards to ensure seamless network integration. All of our transceivers are Trade Agreements Act (TAA) compliant. We stand behind the quality of our products and proudly offer a limited lifetime warranty.
