

HP® J9281B COMPATIBLE 10GBASE-CU SFP+ TO SFP+ DIRECT ATTACH CABLE (PASSIVE TWINAX, 1M)

J9281B-LEG | [Quiktron](#)

FEATURES & BENEFITS

This HP® J9281B compatible 10GBase-CU SFP+ to SFP+ direct attach cable operates over passive copper, with a maximum reach of 1.00m (3.28ft). This HP® compatible twinax cable has been programmed, uniquely serialized, and data-traffic and application tested to ensure it is 100% compliant and functional. Our direct attached cable will initialize and perform identically to HP's cable and is built to meet or exceed HP's specifications, and comply with MSA (Multi-Source Agreement) standards. The actual part shipped may have a different part number, but will be functionally identical and 100% compatible. Trade Agreements Act (TAA) versions of this part are available.
