

RC500-2EW

UPC Code: 07847770852

Country Of Origin: Mexico

The RC500 Hospitality thermostat (24VAC) provides a full stand-alone guestroom control and energy management solution. Use built-in occupancy detection and/or additional Lumina RF sensors to determine whether the room is occupied for setting optimal temperature and controlling connected lighting with Lumina RF load controls.

Features and Benefits

- Provides Energy Management for hotel rooms by adjusting temperature set points after accurately determining if a room is unoccupied
- Meets Title 24 and ASHRAE 90.1 2010 standards
- Provides wireless load control turning loads off when a room is unoccupied and on when occupied
- State-Of-The-Art logic combines door activity with occupancy sensors to accurately determine if a room is occupied or vacant
- Compatible with nearly all 24VAC thermostat applications including 2 and 4 pipe systems
- Quick installation software allows rooms to be replicated quickly and easily via a USB connector
- Reliable wireless technology
- Sensor battery life exceeds 5 years
