
CABLE TIE TOOL

AC4006 |

FEATURES & BENEFITS

Professional tool provides consistent installations through uniform holding pressure and cable tie length.

- Rugged Stainless Steel construction
- Provides consistent pressure without ever overtightening ties
- Cuts excess cable tie after seating to reduce cable snags and enhance project appearance

SPECIFICATIONS

Tensile Strength: up to 50 lbs
Cable tie width: 0.098" - 0.197" (2.5 mm - 5.0 mm)
Cable tie material: Nylon

GENERAL INFO

Color: Orange/Black
Type: Ergonomic cable tie gun with single spring loaded mechanism
Special Features: Adjustable pressure wheel for modifying the cable tie tension

LISTING AGENCIES/THIRD PARTY CERTIFICATIONS

RoHS: Yes

DIMENSIONS

Height (Metric): 130 mm
Width (Metric): 90 mm
Width (US): 3.54"
Weight Metric: 300 g

TECHNICAL INFORMATION

Humidity: 10 ~ 90%, Relative Humidity (non-condensing)
Material: Plastic / Aluminum / Stainless Steel
Operating Temperature (Celsius): 0° ~ 43°C
Supported Standards: RoHS
