

Smart Lock

+ Connect Wi-Fi Bridge

Control and monitor your door from anywhere

Control and monitor your door from anywhere and give secure digital keys to guests, all from your phone.

Attaches to your existing deadbolt, so you can still use your keys.

August automatically locks when you arrive and locks when you leave. Control August using Alexa or the Google Assistant.

Features

Total control

Lock and unlock your door, grant keyless access and keep track of who comes and goes, all from your August App.

Upgrade your existing lock

Simply attaches to your existing deadbolt, on the inside of your door. Your existing keys will still work.

Control guest access

Send guest secure keys to friends, family or people you trust instantly, all from the August app.

Auto Unlock

Auto Unlock knows when you arrive and unlocks the door as you approach. Never fumble for keys again.

Pairs with all August Doorbell Cams

See and speak to visitors and let them in.

Use your voice

Tell Alexa, or the Google Assistant to lock, unlock or check the status of your front door.

Complete

Includes August Connect WiFi Bridge which connects your lock to the cloud, so you get full voice and remote access functionality right out of the box.

Be sure its locked

Only August has DoorSense™, a sensor that tells you if your door is securely closed and locked.

Auto Lock

Enable Auto Lock and never worry if your door is locked again.

Bank Grade Security

August uses AES 128 bit and TLS encryption which is used by banks for maximum security of digital communications.
