

SB-262 C-BRACKET

ADJUSTABLE WIDTH C-BRACKET FOR WALL OR CEILING MOUNT

KLIPSCH PROFESSIONAL | PERMANENT INSTALLATION | DATA SHEET

PRODUCT OVERVIEW

The SB-262 is an adjustable wall or ceiling mounting kit that permits safe, secure mounting of the loudspeaker under balconies, overhangs and ceilings. The SB-262 supports Kl series products up to 60 lbs. (22 kg), or less. The loudspeaker can be easily rotated within the arms to set to the desired tilt angle. Additional side holes allow the tilt angle to be locked permanently using lag bolts.

FEATURES

- Supports loudspeakers up to 60 lbs. (22 kg)
- Accommodates 16" & 24" centers to match wall studs
- Permanent tilt angle set capability
- Includes all hardware & isolation gaskets
