

Wall-Mountable Connector Housing (WCH) Holds 6 CCH connector panels

CORNING

Part Number: WCH-06P

Corning wall-mountable connector housing (WCH) product family offers enhanced innovative features that make installation and troubleshooting of fiber optic connectivity faster, easier and more cost-effective. From fiber and cable routing and strain-relief to port labeling and termination, these housings reduce the risk of error that can disrupt networks.

The WCH housing provides interconnect or cross-connect capabilities between the outside plant, riser or distribution cables and the opto-electronics. With the WCH-02P (two panels, cassettes or modules), WCH-04P (four panels, cassettes or modules), and WCH-06P (six panels, cassettes or modules) capacity, the rugged metal housings can be wall mounted in main cross-connects, telecommunication rooms or other areas where space is a premium. Units accept standard closet connector housing (CCH) cassettes, connector panels and modules for a variety of connectivity options.

The WCH product family features a clear, transparent jumper side door for easy visibility during installation and testing, easy-to-use recessed mounting holes with mounting screws, documentation labels, removable strain-relief brackets, routing clips and guides, improved latches, as well as a preinstalled bubble level for simple and accurate installation. All housings also have field-installable lock kits available for both cable entry and jumper side doors.

Features and Benefits

Interconnect and cross-connect capabilities
Ideal for field splicing and connectorization

Accepts CCH cassettes, panels and modules
Variety of preterminated and field-installable capabilities

Lockable, transparent jumper side door
Visibility and ease of access for installation, testing and troubleshooting

Removable strain-relief bracket
Flexibility for installation and moves, adds and changes (MACs)

Segregated cable and fiber slack routing
Fiber protection

Wall-Mountable Connector Housing (WCH) Holds 6 CCH connector panels

CORNING

Specifications

Design

Maximum Fiber Capacity	144
Number of Panels/Cassettes per Housing	6
Housing Type	WCH
Locking Availability	Provider door and jumper door
Panel or Cassette Type	CCH
Splice Tray / Splice Cassette Options	Up to 6 CCH cassettes

General Specifications

Mounting Type	Wall-Mountable
Product Type	Wall-Mountable Hardware
Application	Enterprise Networks

Dimensions

Height	35.8 cm (13.96 in)
Width	42.2 cm (16.46 in)
Depth	14.5 cm (5.66 in)

Connector Specs

Housing Color	Black

Ordering Information

Package Contents	Housing; installation guide; 6 blank panels; 6 panel ID labels; hardware kit; internal strain-relief bracket; intermediate strain-relief bracket; 4 x 4-in tie wraps; 4 x 8-in tie wraps; dust brushes; 4 mounting screws; bubble level
------------------	---

Shipping Weight	5 kg
-----------------	------

Units per Delivery	1/1
--------------------	-----

Standards

RoHS	Free of hazardous substances according to RoHS 2011/65/EU
